Everyone is born a winner, a success. Operation Game Plan lists the key habits and lifestyles that keep us from becoming that successful person we were born to be. We can be our worst enemy, and in this book you will discover some of the different ways that we sabotage our progress on a daily basis. Success is not rocket science.

We all have the keys within us to unlock our potential to take us beyond our dreams. Through personal experiences and research, Chrys-Ann Ambrose tells you how to stop conforming to others' expectations, start thinking positively, and grow productive habits. If you are tired of feeling stuck, this book is for you. With a little commitment, it can help you take hold of the life that for too long seemed beyond you. Now is the time to launch your Operation Game Plan.
