[COLLOQUIAL JAPANESE: THE COMPLETE COURSE FOR BEGINNERS \(INCLUYE C ASSETTE\(.epub](#)

ClarkeThe new edition of this popular course in Japanese for beginners has been completely rewritten, to make learning Japanese as easy as possible.

The course teaches Japanese script, though romanization is also included throughout for those who prefer to concentrate on the spoken language. Other features include: *Dialogues covering a range of social and business situations *Exercises with answer key *Grammar reference section *Extensive vocabulary lists, including Japanese script and romanization *Index of kanji (Japanese vocabulary & characters) 120 minutes of audio material, recorded by native speakers, is available on cassette or Cd.
